

Humzah Khan

My name is Humzah Khan, I am a Pakistani-American student in my second year studying Mechanical Engineering. I am excited to announce my candidacy for Vice President of Student Relations on the Tsang Ticket. I am running because I want our student body to be successfully represented and have their voices heard all across campus. I believe in transparency, equity, and advocacy for all attending our university.

While at the University of Utah, I have had the pleasure of being a part of multiple unique and diverse clubs and organizations. I have learned what it means to be a student leader and how this campus is so much bigger than myself. Through my time serving as a Presidential Intern, I have been given a unique outlook on higher education as well as seeing key issues regarding student success on campus. My insight has allowed me to understand why our administration makes certain decisions. I believe that transparency and acknowledgment of major decisions can help unite our student body, and ASUU has the opportunity and responsibility to make this information available. We come to university to grow, learn, and find our community. However, our development is hindered by the lack of communication and lack of student voice.

My goal as VP of Student Relations is to bridge the gap between students and administration. Together, we need to reclaim our campus and amplify student voices. My time on campus has allowed me to create a community that will affect me for the rest of my life. Every student attending our University should have a community of their own. The Tsang ticket will unite the community by enhancing student organizations and developing a safe and welcoming environment for every student on campus. Change will only be allowed to happen if we uplift those who are passionate. Our campus is full of knowledge and brilliant students and we want to provide a platform where they feel strong enough to voice their change

The Tsang ticket is the ticket for the students. Our values, goals, and platform are made to push every student to succeed. Through safety, sustainability, advocacy, inclusion, and improving campus life; together we can *Reclaim Campus, Unite the Community, and Empower Change: Think Pink!* VOTE TSANG TICKET
