The Women's Law Caucus (WLC) Opening Social is a large event each Fall Semester that typically draws many students and legal professionals. This year due to the COVID-19 pandemic the opening social will look a little different but WLC would like to keep the same energy and excitement that typically surrounds this event. In order to start the year WLC would like to host a virtual paint night with instruction over zoom and supplies to be mailed to participants.

Select and complete the sections for which you are seeking funding support. Remember you can only include one activity per section. You'll need to add another "Event Services" activity to the request. All supported events/activities should be open and free to all students.

Paint Instructor Professional Support (Expense) At a typical in person paint night event, there is an instructor that guides the group step by step in replicating the chosen landscape painting or design. The social will follow the same pattern, but instead of gathering together the instructor will also appear via zoom like all of the participants. In order to compensate an instructor for their time we request funding. We currently have two prospective instructors Anna Moore or Jacqueline Vollucci, both have led paint nights before and are willing to assist with a virtual paint night as well.	1 x \$150.00	\$150.00
Paint Kits Supplies (Expense) This Paint Kit includes everything participants will need to paint the chosen design as directed by the instructor. They will not need to use any of their own supplies so everyone can participate fully, the kit includes; paint, an easel, paint brushes, canvas, and a wood palette. This can also be mailed to participants or contactless pickup can be arranged if direct shipment is not an option. The listed price of the item is \$22.95, but with tax is \$24.84. https://www.amazon.com/MEEDEN-Acrylic-Painting-Tabletop-paint+night+kit+for+adults&qid=1599755323&prefix=paint+night%2Caps%2C238&sr=8-68	50 x \$24.84	[Adjusted] \$1,147.50

The WLC mission is: "The Women's Law Caucus was formed in response to the scarcity of venues that addressed the obstacles that women face in the legal profession. The WLC seeks to be a source of support, opportunity and information for women and men in our community. The WLC promotes interest in issues of particular concern to women, provides a forum for students on issues affecting the legal community, and provides activities that promote involvement in legal and women's issues." Budget Request: Assembly Bill #005- Representative Tekarli

The American Medical Women's Association has recently opened up a pre-medicine chapter at the University of Utah. As a newly starting club, we are aiming to provide female-empowering events to the female population and to offer guidance for those going through this difficult path. Therefore, we are requesting funding in terms of our future events and club necessities to start up this amazing club!

FLYERS (75-100)

As a newly starting club, we are emphasizing components of recruitment and membership retention within AMWA. To allow success in these goals, the leadership team is focusing its advertising aims with club event flyers. Although we are continuously posting flyers virtually through social media outlets, a large sum of students still are involved on campus. Therefore, we want to expand our outreach to as many people as possible! Not only will the general information of our club be displayed on these flyers, yet we will also be making flyers of each event we hold. Overall, we are looking to fund for 75-100 flyers to include all our events this semester!

CLUB MERCHANDISE

As a club focusing on the empowerment of women in a highly competitive field, the club aims to offer a sanctuary of guidance and aid for these female pre-medicine undergrads. Having a sense of companionship and dynamics of a family is of utmost importance within AMWA; therefore, AMWA is hoping to startup on the production of stickers and sweatshirts within our club. The availability of sweatshirts and stickers allows for a higher sense of connection and participation within a club. Similar to how sports fans give a higher devotion to their team through merchandise, the utilization of personalized AMWA sweatshirts and stickers will hold the same morale! The leadership team consisting of 7 leaders will also be getting personalized sweaters to boost leadership bonding and morale. Since the leaders were selected virtually, we have only been holding virtual meetings with no face-to-face contact. We are hoping that the inclusion of leadership sweaters will allow for a higher sense of connection to one another as leaders. Our stickers and sweatshirts will be focused on themes of female empowerment and the medical field (AMWA stethoscope, famous female physician quotes, etc.). We hope to produce enough stickers and sweatshirts to provide to our ~50 active members within AMWA!

VIRTUAL DERMATOLOGIST SKINCARE NIGHT EVENT

Around the end of October, AMWA is aiming to hold a virtual "de-stress skincare night" featuring a dermatologist female physician. This event will emphasize themes of skincare, self-care, and the various paths that medical students can take! The informative virtual event will include small packages for each member which consists of 1 facial mask, 1 bath bomb, 1 pre-packaged tea bag, and 1 FDA approved pre-packaged snack. The facial mask and bath bomb will go alongside our theme of skincare which the dermatologist can further educate us upon. While the tea bag and pre-packaged snack will focus on self-care and stress management as pre-medicine students. Alongside that, we are needing funds to prep these items within individual gift sacks. Furthermore, if members are not comfortable with picking up the items from our advisor's office, we will be needing to mail these individual packages to each member. Overall, this event will be a large and highly important event within our club due to the elaborate contributions we are hoping to accomplish.

VIRTUAL LEADERSHIP BONDING ACTIVITY

The appearance of COVID has made all leadership meetings to be held virtually which often blocks crucial components of social interaction. It is shown that positive successful dynamics within a leadership team are a direct result of the connection of members with one another. Since our club focuses on female empowerment and forming fundamental relationships with one another, it is necessary that the leading members of the club have a high understanding of each other. Therefore, AMWA is hoping to hold a Virtual Leadership Bonding Activity to boost the relationships of leaders. We are hoping to virtually have a meal-kit cooking night. Pre-packed foods will be sent to each member's house through a meal-kit cooking company. The leaders will meet up on Zoom and have a thoughtful dinner with one another. Icebreaker activities and overall thoughtful conversation will be held over the event for leaders to understand the intentions and future goals each leader holds! This event is highly significant for us to maintain the passion and goals of AMWA!

Facial Masks Supplies (Expense) Facial masks will be included due to our theme emphasizing skincare and the importance of quality skincare items. Bath Bombs Supplies (Expense) Bath bombs will also be a crucial component in the quality of skincare not only on the face, yet the entire body as well. We will be including them in our kits. Screen Shot 2020-09-10 at 2.02.20 PM.png	36 x \$0.69	\$24.84
Pre-Packed Tea Bags Advertising (Expense) Teabags will be used so each member can sip on tea throughout the entire meeting. <p>General Flyers and Event Flyers General Advertising (Expense)</p> <p>As a newly starting club, we are emphasizing components of recruitment and membership retention within AMWA. To allow success in these goals, the leadership team is focusing its advertising aims with club event flyers. Although we are continuously posting flyers virtually through social media outlets, a large sum of students still are involved on campus. Therefore, we want to expand our outreach to as many people as possible! Not only will the general information of our club be displayed on these flyers, yet we will also be making flyers of each event we hold. Overall, we are looking to fund for 75-100 flyers to include all our events this semester!</p> <p>Screen Shot 2020-09-10 at 1.53.40 PM.png</p>	100 x \$0.30	\$30.00

The availability of sweatshirts and stickers allows for a higher sense of connection and participation within a club. Similar to how sports fans give a higher devotion to their team through merchandise, the utilization of personalized AMWA sweatshirts and stickers will hold the same morale! The leadership team consisting of 7 leaders will also be getting personalized sweaters to boost leadership bonding and morale. Since the leaders were selected virtually, we have only been holding virtual meetings with no face-to-face contact. We are hoping that the inclusion of leadership sweaters will allow for a higher sense of connection to one another as leaders. Our stickers and sweatshirts will be focused on themes of female empowerment and the medical field (AMWA stethoscope, famous female physician quotes, etc.). - VIRTUAL DERMATOLOGIST SKINCARE NIGHT EVENT

Around the end of October, AMWA is aiming to hold a virtual "de-stress skincare night" featuring a dermatologist female physician. This event will emphasize themes of skincare, self-care, and the various paths that medical students can take!

The informative virtual event will include small packages for each member which consists of 1 facial mask, 1 bath bomb, 1 pre-packaged tea bag, and 1 FDA approved pre-packaged snack. The facial mask and bath bomb will go alongside our theme of skincare which the dermatologist can further educate us upon. While the tea bag and pre-packaged snack will focus on self-care and stress management as pre-medicine students. Alongside that, we are needing funds to prep these items within individual gift sacks. Furthermore, if members are not comfortable with picking up the items from our advisor's office, we will be needing to mail these individual packages to each member.

Overall, this event will be a large and highly important event within our club due to the sophistication and complexity of our first official event! We are hoping this event will retain members that have joined our club and to show them the core values of AMWA.

How many attendees are you anticipating for your event?
