The MBA Women in Business club is offering WIB beanies for members that participate in our holiday charity drive. We would love to have many people in the club donate to YWCA and the Women's shelter this holiday season to bring much-needed supplies to struggling women in Utah. We believe that offering these beanies for donations will not only encourage people to participate and donate but will also spark conversation surrounding the beanies leading to further donations beyond the club.

2) The items are requested here sound like they are being given away contingent on donation. If this is the case, that would be in violation of ASUU policy. The beanies can be given away, but money cannot be exchanged for the beanies-- regardless of if it is for the group or not.

3) This group is affiliated status. I am unsure if the U logo use as they have uploaded is in compliance with University branding policies. Has university marketing approved this? Additionally, the inclusion of the U logo means they will need to go through an approved vendor."

Budget Request: Assembly Bill #030 Representative Camel-Monago

The advisor, the outreach director, and treasurer are requesting a budget reimbursement. All three of us with the other executive members (President and Vice President) agree to have one game night event for 35 registered members. The three of us met to discuss the budget to be around \$35 for this semester. The outreach director planned the game night event. The treasurer offered what type of game night. The advisor offered to purchase a virtual game with her personal account. The gaming account the three of us agree to use and the purchase is Jackbox (steaming game). The price of it was \$29 plus tax adding a total of \$32.16. The adviser purchased Jackbox on Nov 12 and we had the game night hosted on Friday, Nov 13, 2020. We posted the game night on campus connect to invite the students with zoom links and code. On Nov 13, there was a member of 10 -12 people who participated in the Jackbox game by zoom.

We are asking for \$327 for 300 stickers. The stickers will be used for the tabling, giveaways, and it will also be used for marketing. We can use them not only for this academic year but can also use it for the upcoming academic years until we get out of stock.

We are asking for \$346.40 for sweatshirts (\$25.95 each+\$35 tape charge) for board members. The logo sweatshirts are for board members to wear during tabling and other ISC events and around campus so they can be identified as members of ISC. Joint Resolution #13 A Resolution in Support of a Student Legal Clinic on Campus

WHEREAS, Nonconsensual sexual contact is mostly perpetrated by other students, followed in frequency by people unaffiliated with the University of Utah. The relationship with the victim is typically that of a friend, acquaintance or romantic partner.

WHEREAS, According to the 2020 Campus Climate Report students are experiencing sexual violence while attending the University of Utah. Rates are higher for females, at 18.8 percent, and for undergraduates compared to graduate students. Overall, 13 percent of respondents experienced sexual assault since coming to the University of Utah.

WHEREAS, Students have an overall sense that the University of Utah would respond well to a report of sexual assault, but more than half of respondents indicated that they did not know how or where to report complaints or where to find support resources.

WHEREAS, The University of Utah's climate survey found that 18.8 percent of undergraduate women, and 9.9 percent of graduate women experienced sexual assault since coming to the University of Utah.

WHEREAS, Decades of research show that victims rarely report sexual assault to law enforcement, and in many cases, do not even access formal services, such as crisis centers, according to the Office on Violence Against Women.

WHEREAS, "The University of Utah has made great strides in intervention, prevention and response efforts for survivors of interpersonal violence by expanding the scope and range of outreach and resources throughout our campus," said Kassy Keen, program manager at the University of Utah's Center for Student Wellness.

WHEREAS, There is no established legal clinic on the University of Utah's campus for students who want to pursue legal action in situations of IPV and sexual misconduct.

WHEREAS, Providing legal advice, protections, and resources to students who have experienced interpersonal violence/sexual misconduct is critical in addressing failed prevention efforts.

WHEREAS, Legal assistance is necessary to inform students on the potential pathways available in pursuing their personal protection from violence and abuse. This includes; restraining orders, protective orders, divorce declarations, and other formal avenues of rectifying situations of abuse or neglect.

WHEREAS, The Center for Student Wellness's Victim Survivor Advocate and Assistant Director of Advocacy, Ellie Goldberg has voiced support for a on-campus legal clinic. As currently, the Victim Survivor Advocates send student referrals to the Utah Crime Victim

Legal Clinic. In the past year, 277 referrals 66 of which were crime victim reparations. Establishing an on-campus legal clinic will reduce the strain on the Salt Lake community resources.

WHEREAS, Interpersonal violence commonly intersects issues of immediate safety, housing issues, custody, property, etc.

WHEREAS, The clinic will provide legal support and guidance to victims of interpersonal violence by installing two sub-clinics, following a model created by the University of Oregon and Harvard University; One clinic will focus on protective orders, stalking injunctions, and other forms of legal intervention for students experiencing interpersonal violence/sexual misconduct. The next clinic will focus on civil services to address the compounding legal concerns victims often have to face in situations of interpersonal violence and sexual misconduct. The civil services will be

THEREFORE, BE IT RESOLVED, the 2020-2021 Associated Students of the University of Utah, support the allocation of a \$6 student fee per term, establishing an on-campus legal clinic that will provide students with legal resources to address the issues of IPV on campus.
